

Project Brief – Minor – Building your own Business

Project Name	Minor – Building your own Business
Course name in Brightspace	Minor Building your Own Business 2026-2027 M_FMIN.EN4.BYOB_2026_2027
Credits	30 ECT
Project Days	No assigned days
Project description	Developing your Business Case and navigating personal development In this minor, you will develop a Business Case. This is an excellent opportunity to explore to what degree the world of entrepreneurship suits you. You will, for example, learn to generate new initiatives for businesses, explore markets and customer preferences, imagine multiple options, cooperate in multidisciplinary teams, calculate the financial structure of a business, decide on risks and opportunities, explore your (in)competencies, and embrace your failures. You will be exploring and working on real time business cases (one of which is your own) and you will set out your own personal developmental pathway. By doing so, you will not only explore but also build resilience in the landscape of entrepreneurship.
Skills learned Intended Learning Outcomes (ILO's) and BoKS (Body of Knowledge)	The ILO's of this minor: 1. The student demonstrates a professional and reflective approach to entrepreneurial practice and personal skill development. 2. The student demonstrates the ability to generate, interpret, and apply relevant insights to identify and assess potential business directions. 3. The student demonstrates the ability to design and critically evaluate business model scenarios, using evidence and KPIs to validate them. 4. The student demonstrates the ability to assess the developed business case in terms of viability, desirability, feasibility, and social responsibility Topics: Specialized Customer research (eg. Value-based / Stated preference) and Market/Trend research Ideation: Creative Problem Solving, Creativity in Businesses, Idea Generation, Idea Selection, Prototyping and Testing.
